Summary

Resourceful computer science graduate with a B.Tech and diploma, experienced in UI/UX design, IoT, and web development. Skilled in Figma, UI/UX Fundamentals, Python, Java, JavaScript, and blockchain technologies. Designed user interfaces for multiple applications and contributed to real-world projects like Designing Cab Application, library automation system and electronic health records. Fluent in English, Assamese and Hindi.

Work Experience

Druooz Pvt. Ltd.

Bangalore, Karnataka

UI/UX DESIGNER

September, 2024 - February, 2025

- Designed and developed user interfaces for four key applications: a user app, driver app, official website, and an ERP system, ensuring a cohesive brand experience across platforms.
- Led the end-to-end UI/UX process, from wireframing and prototyping to final design, resulting in intuitive and visually appealing interfaces.
- Collaborated closely with cross-functional teams, including developers and stakeholders, to gather requirements and translate business needs into effective design solutions.
- Created interactive prototypes and design specifications using tools such as Figma streamlining the handoff to development teams.
- Implemented responsive design principles to ensure optimal user experience across desktop, tablet, and mobile devices.
- Enhanced the ERP system's usability, enabling efficient management of operations and improving workflow productivity for internal teams.
- [User App Case Study] [Driver's App Case Study]

Internships

Druooz Pvt. Ltd.

Bangalore, Karnataka

UI/UX DESIGNER INTERN

March, 2024 - August, 2025
